<u>New Business</u>

Kirby Glad reported the Executive Committee voted to give a unanimous recommendation for the Lt Governor resolution only if it is amended, and so the sponsor will move it.

Natalie Clawson moved to adopt the resolution:

Resolution for the Lieutenant Governor to Comply with the NVRA and Provide a Complete Copy of **Utah's Voter Registration Rolls**

Background

WHEREAS, there is a critical need for transparency in our electoral system; and

WHEREAS, the Lieutenant Governor, Deidre Henderson, is the Chief Election **Officer of the State of Utah and is responsible to "oversee, and generally supervise, all elections and functions relating to elections;"**[1] and

WHEREAS, the Utah State Code specifically requires the Lieutenant Governor to **"enforce compliance" with all "legal requirements relating to elections", including the "National Voter Registration Act of 1993" and the "Help America Vote Act of 2002" and "all other a**pplicable provisions of federal law and rule relating to **elections;"**[2] and

WHEREAS, the State of Utah is in violation of the National Voter Registration Act (NVRA) because it has continuously failed to produce a complete copy of its voter **registration rolls that includes the records of voters classified as "Private" or "Withheld" under s**tate law; and

WHEREAS, Section 8(i) of the NVRA provides for the disclosure of voter **registrations in order to "assist the identification of both error and fraud in the preparation and maintenance of voter rolls."**[3] **The "Public Inspection Provision [of** Section 8 of the NVRA] plays an important role in ensuring that States are performing their mandated duties as federal law directs, as it provides the public with a means to obtain records by which accuracy and compliance with those duties can be **assessed;"**[4] and

WHEREAS, the NVRA preempts Utah state laws that restrict who can access voter registration rolls;[5] and

WHEREAS, multiple requests for transparent voter rolls have been met with **opposition from the Lieutenant Governor's Office;**

- In 2021, in response to a GRAMA request for the voter registration rolls, **the Salt Lake County Clerk withheld 33.75% of the records as "Private" or "Withheld;"**[6] and
- On September 22, 2024, Representative Phil Lyman filed a GRAMA request with the Lieutenant Governor's office seeking a copy of the statewide voter registration database, including data for voters whose **records have been classified as "Private" or "Withheld" under state law. The Lieutenant Governor's office failed to respond to the request within** the required 10 days and this information was never provided; and
- On March 7, 2025, the Public Interest Legal Foundation, on behalf of Phil Lyman, notified the Lieutenant Governor that she is in violation of the NVRA for failure to permit inspection of voter list maintenance records as required by 52 U.S.C. § 20507(i); and
- On June 6, 2025, after the Lieutenant Governor failed to respond to the Notice of Violation and comply with the NVRA, the Public Interest Legal Foundation filed a lawsuit against the Lieutenant Governor (*Lyman v., Henderson,* Case No. 4:25-cv-00069-DN (USDC D. Utah)) to force her to produce a copy of the statewide voter registration database that includes a **copy of voter records classified as "Private" and the "Withheld" voter records that were impermissibly converted from "Private" records on May** 12, 2020, pursuant to Utah Code Ann. § 20A-2-104(1)(e)(iii); and
- On July 15, 2025, Deputy Assistant Attorney General of the U.S. **Department of Justice (USDOJ) Michael E. Gates requested that Utah's** Lieutenant Governor comply with Section 20507(i) of the NVRA and **"produce for inspection the following records: The current** electronic copy **of Utah's computerized statewide voter registration list as required by** Section 303(a) of the Help America Vote Act. Please include all fields **within the list." Mr. Gates noted that Section 11 of the NVRA authorizes** the Attorney General to bring NVRA enforcement actions.

On July 31, 2025, Lieutenant Governor Deidre Henderson responded to the request from USDOJ, but only released the statewide voter registration list that was publicly available;[7] and

WHEREAS, Utah appears to be the only state that fails to disclose such a large portion of its voter rolls; and

WHEREAS, with such a large number of records being withheld from public disclosure, voters have been unable to exercise their right under the NVRA to verify **the accuracy of Utah's voter rolls; and**

WHEREAS, concerns with the voter registration rolls have been voiced by elected officials who publicly stated that there needs to be better maintenance of the voter registration lists and removal of ineligible voters because there is evidence that illegal immigrants are voting in Utah elections;[8] and

WHEREAS, the Lieutenant Governor's Office should address these NVRA compliance concerns to avoid incurring unnecessary attorney's fees to the state. There is significant precedent that the state needs to be compliant with these requests. If the state loses **litigation in defending this obstruction of records, Utah's taxpayers** will be responsible for paying attorney fees under the NVRA.[9] Complying with these requests will avoid unnecessary contention, litigation and fees; and

Resolution

THEREFORE, be it resolved that— the Utah County GOP Central Committee respectfully requests that Lieutenant Governor Deidre Henderson fully complies with the National Voter Registration Act, the Help America Vote Act and the requests made by Phil Lyman and **the Department of Justice in making transparent Utah's** voter registration rolls.

The amended resolution was adopted

Kirby Glad moved, on behalf of the Executive Committee, with a unanimous recommendation, to adopt the resolution:

RESOLUTION DEFENDING FREEDOM OF SPEECH AND CONDEMNING THE RANKING OF SPEECH BY PURPORTED DIGNITY

WHEREAS, freedom of speech is the bedrock of a free society, enabling the open exchange of ideas, the pursuit of truth, and the protection of individual liberty against tyranny; and

WHEREAS, the right to speak freely, without fear of censorship or reprisal, is indispensable to human dignity, intellectual growth, and democratic governance; and

WHEREAS, attempts to rank, score, or index speech according to subjective notions of "dignity," "decency," or "harm" inevitably reflect the biases, preferences, and cultural assumptions of those designing the metrics; and

WHEREAS, such ranking systems outsource the development of emotional intelligence, moral judgment, and resilience to algorithms, institutions, or authorities, thereby eroding personal responsibility and civic maturity; and

WHEREAS, history demonstrates that centralized control over acceptable speech—whether by governments, corporations, or social consensus—leads to the suppression of dissent, the stagnation of thought, and the politicization of truth; and

WHEREAS, virtues such as kindness, honesty, courage, and humility are rightly admired and ought to be cultivated through education, example, and voluntary persuasion, not enforced through coercive ranking or algorithmic gatekeeping; and

WHEREAS, the subjective nature of "dignity" renders any universal index not only impractical but dangerous, as it empowers transient majorities or powerful minorities to silence voices they deem unworthy; and

WHEREAS, outsourcing emotional regulation to external systems diminishes individual agency, fosters fragility, and produces political outcomes marked by conformity, resentment, and escalating cycles of retaliation;

NOW, THEREFORE, BE IT RESOLVED:

1. That freedom of speech, in all its forms—peaceful, provocative, polite, or offensive—shall be defended unequivocally as a fundamental and non-negotiable right.
2. That any system, public or private, which ranks, scores, or filters speech based on subjective assessments of dignity, harm, or social value is hereby condemned as an assault on liberty and an invitation to authoritarianism.
3. That virtues remain essential to human flourishing but must be promoted through conscience, culture, and voluntary association—not through top-down indexing or technological enforcement.
4. That individuals and communities reclaim responsibility for their emotional and intellectual responses to speech, rejecting the false comfort of outsourced judgment.
5. That no algorithm, panel, or policy shall stand in loco parentis (in the place of parents) to the adult mind.

BE IT FURTHER RESOLVED that this resolution reflects the values and principles of the Utah County Republican Party as expressed in our commitment to the Bill of Rights and the First Amendment.

The resolution was Adopted

Kirby Glad moved, on behalf of the Executive Committee, with a unanimous recommendation, to adopt the resolution:

UTAH COUNTY REPUBLICAN PARTY RESOLUTION IN DEFENSE OF CARBON DIOXIDE AND CARBON-BASED ENERGY

Whereas, the UCRP platform states: We are stewards of the earth.

WHEREAS, carbon is the fundamental building block of all life on Earth, and every living organism—from the smallest microbe to the largest mammal—is carbon-based, utilizing carbon's unique chemical properties to form the complex molecules essential for DNA, proteins, lipids, and all biological structures necessary for life; and

WHEREAS, carbon dioxide (CO2) is not pollution, but rather an essential atmospheric gas that serves as the primary nutrient for plant photosynthesis, enabling plants to convert sunlight, water, and CO2 into oxygen and food that sustains all life on Earth; and

WHEREAS, atmospheric carbon dioxide (CO_2) concentrations are currently at **420 parts per million (ppm)**, and scientific records show that during earlier, greener, and warmer periods in Earth's history, CO_2 levels reached as high as **1,000 ppm**, while many plant species begin to struggle when concentrations drop below approximately **150 ppm**;

WHEREAS, scientific research from leading universities demonstrates that elevated atmospheric CO2 concentrations increase plant

photosynthesis by up to 12%, enhance plant growth by 21-30%, improve crop yields by 12-40%, and increases water-use efficiency in plants;
WHEREAS, the implementation of carbon tracking systems for individuals and businesses is increasingly being used as a mechanism for political and social control, enabling governments, corporations, and international bodies to surveil personal behaviors, impose behavioral modifications, and enforce penalties that erode individual freedoms, privacy rights, and economic independence under the pretext of environmental necessity; and
WHEREAS, carbon-based fossil fuels—including coal, natural gas, and petroleum—have been essential to lifting billions of people out of poverty, enabling modern civilization, powering economic development, and providing affordable, reliable, and abundant energy that improves quality of life, enables education, and creates prosperity; and
WHEREAS, the characterization of carbon and CO2 as harmful pollutants requiring intervention ignores the fundamental role of carbon in sustaining life and fails to acknowledge the significant benefits of carbon-based energy for human welfare, economic prosperity; and
NOW, THEREFORE, BE IT RESOLVED that the Utah County Republican Party hereby:
1. AFFIRMS that carbon is essential to all life on Earth and that carbon dioxide is a vital atmospheric gas necessary for plant photosynthesis, food production, and the sustenance of all living organisms, not a pollutant to be eliminated;
2. OPPOSES any corporate, banking, or governmental tracking of carbon usage, carbon footprints, or carbon credits;
3. OPPOSES federal and state policies, regulations, and executive actions that prematurely restrict, prohibit, or excessively burden the development and use of carbon-based energy resources,
4. CALLS UPON the Utah State Legislature and Utah Federal Delegates to:
  a. Protect Utah's sovereign right to manage and develop carbon-based energy resources within state borders and on federal lands within the state;
  b. Reject federal carbon regulations, reporting, or tracking mandates;
5. DIRECTS that copies of this resolution be transmitted to:
  a. The Speaker of the Utah House of Representatives;
  b. The President of the Utah Senate;
  c. The Utah Republican Party State Central Committee;
  d. All Utah County legislators;
  e. The Utah Federal Delegation
6.We affirm the UCRP platform that there must be a balance between the economic benefits of growth and the need for clean air, clean water, and a healthy environment. We are stewards
of the earth, and we should leave our posterity an earth in better condition than we started with. Market forces should be considered when managing environmental issues.
BE IT FURTHER RESOLVED that this resolution reflects the values and principles of the Utah County Republican Party as expressed in our party platform, particularly our commitment to:
- Stewardship of the earth while leaving our posterity an environment in better condition;
- Balancing economic benefits of growth with environmental protection;
- Sustaining economic growth through free enterprise principles;
- Opposing excessive and restrictive government regulation;
- Considering market forces when managing environmental issues;
- Protecting property rights and individual liberty;
- Supporting Utah workers, families, and communities; and
- Ensuring that government actions serve the collective good without imposing unnecessary burdens on citizens.

The resolution was Adopted

Kirby Glad moved, on behalf of the Executive Committee, with a unanimous recommendation, to adopt the resolution:

Resolution Clarifying Stronger Together's Association with the Utah County Republican Party
WHEREAS, the Utah County Republican Party has an obligation to its members to uphold the commonly-held values espoused by its members and declared in its platform; and to protect its brand by both striving to appropriately identify and affiliate with organizations that are aligned and also to identify and warn about organizations that may be acting contrary to the Party's values; and
WHEREAS, the group commonly known as Stronger Together (other names, this group is known by Stronger Orem PAC and Stronger Together Community, a 501(c)4) has voiced political opinions and participated in elections across cities in Utah County; and
WHEREAS, the leaders of Stronger Together claim to be registered Republicans; and
WHEREAS, the main spokesperson for Stronger Together actively campaigned for the election of Kamala Harris, expressing her hopes on social media to turn Utah blue by encouraging voters to vote for Democrats; and
WHEREAS, Stronger Together has used, and/or currently uses, Action Network (actionnetwork.org) for emailing–a liberal emailing service associated with MoveOn, BLM, and the DLCC (Democratic Legislative Campaign Committee)[2]; and
WHEREAS, another Stronger Together PAC officer associates with MWEG (Mormon Women for Ethical Government) included in pictures on their website–an organization that parrots the United Nation's talking points on equity, resilience, climate and democracy (as opposed to a Constitutional Republic)[3]; and
WHEREAS, the Stronger Together Community was formed as a 501(c)4 which holds the potential to funnel in what is commonly known as "dark money" because of alternate reporting requirements to local elections–meaning that donations are not tracked or disclosed[4]; and
WHEREAS, Stronger Orem PAC, received and then returned thousands of dollars from the WAY BACK PAC during the 2023 municipal elections (the WAY BACK PAC is a well-known progressive SuperPAC that later opposed the Republican nominees Keven Stratton and Cole Kelley races). It is unknown why the money was returned, but the collaboration exists[5];
NOW, THEREFORE, BE IT RESOLVED that we, the Utah County Republican Party Central Committee declare that the organization commonly known as Stronger Together, along with their Political Action Committee known as Stronger Orem, and the 501(c)4 organization known as Stronger Together Community–as a result of the aforementioned claims and evidence presented to the UCRP Steering Committee–DO NOT

represent the values, goals and purpose found in the Utah County Republican Party or its platform and are therefore NOT considered an allied organization.

AND THEREFORE, the organization known as Stronger Together appears to be antithetical to the Utah County Republican Party, and while Stronger Together has every right to promote their causes and candidates, they should do so with a clear representation of their political alignments.

BE IT FURTHER RESOLVED that the Utah County Republican Party urges all Republicans in Utah County to be aware of the misrepresentation and alignments of Stronger Together.

BE IT FURTHER RESOLVED that if the organization Stronger Together (and the above listed associated names), would like to be reconsidered as a UCRP allied organization, they are encouraged to present explanations and evidence to the Utah County Republican Party Executive Committee for reconsideration and forwarding to the Utah County Republican Party Central Committee.

Why do we not adopt the agenda?

RONR 41:62 In some organizations, it is customary to send each member, in advance of a meeting, an order of business or agenda, with some indication of the matters to be considered under each heading. Such an agenda is often provided for information only, with no intention or practice of submitting it for adoption.

VOTING PRECINCT CAUCUS

March 17, 2026

Check-in begins at 6:00 pm

Meeting begins at 7:00 pm

7

Caucus

- Get busy now - start early
- Talk about caucus with your other officers, committee members, delegates
- Enact a change in how you run your House District and your precinct - let's do it better!

8

House District Officers

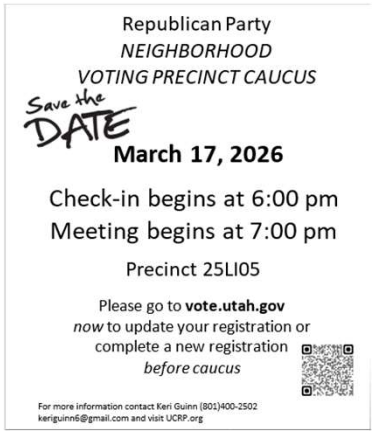
- ✔ Enter all PC and PVC into your phone/google contacts/REACH, etc.
- ✔ Meet together as HD Officers, appoint 2 committee members, notify secretary@ucrp.org
- ✔ Send out an introductory email to your district
- ✔ Reach out to all PC to discuss caucus reservations & caucus hosting
- ✔ Have all caucus locations reserved and entered into the spreadsheet by Dec 1, 2025

9

Precinct Chairs

- Work with your House District Chair to make sure your caucus location is reserved by Dec 1, 2025
  - Choose your preferred location
  - Contact your House District Chair - let them know your preferred location
  - Confirm that you are available and willing to host caucus on Mar 17, 2026
- Send out a save-the-date flyer. Include a reminder to register or update their registration NOW at vote.utah.gov
  - Digital
  - Paper

10



11

Precinct Chairs, cont.

- Start talking to friends, family and neighbors about the Neighborhood Caucus coming up March 17 - get them excited!
- Begin recruiting as many people as possible to help with caucus - the more the better. Reach out to your other precinct officers and delegates first. Don't forget to ask YOUNG PEOPLE. You will need volunteers to help with:
  - Advertising (flyers, signs, etc.)
  - Registration tables
  - Elections (passing out ballots, collecting ballots, vote counting)

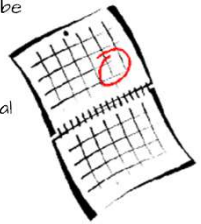
Training Calendar

Training will take place starting in January. As we get closer, check the website calendar for specific dates and locations. There will be 3 types of training offered:

1. Central Committee Meeting - includes precinct chairs, vice-chairs and house district officers
2. House District Education Officers - they will provide additional caucus training to the caucus hosts in their House District
3. County-wide caucus host training
4. After caucus there will be a training for all New Delegates



14

Check the website

ucrp.org

regularly for *all* your caucus resources!

15

CAUCUS PROVIDES A TREMENDOUS OPPORTUNITY!

Let's take advantage of the great opportunity we have with the upcoming caucus night. As leaders in the party, we can make it an enjoyable, educational, unifying night and leave a good impression on those who may not be as active in politics. Let's encourage all of our family, friends and neighbors to want to be more involved in the Republican Party!
